# Design a Happy **PEP&CO** Shopping Bag

## Tips for designing your bag...

The theme is happiness, so think about what colours, patterns and designs make you feel happy and also, what things make you happy...

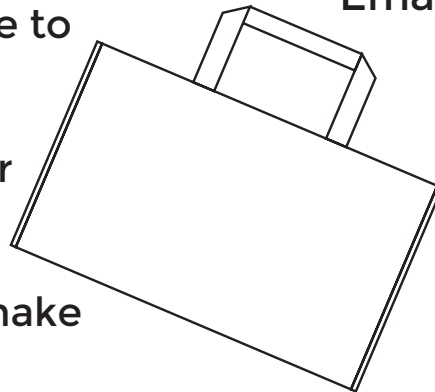

Maybe it's your favourite food, your hobbies, your favourite animals or people you know!

Feel free to use any colours you like but we can't make bags that have things like glitter or 3D stuff on them.

The bag strap can only be one colour, if you use more than one colour, we might have to pick one for you!

You can use words or pictures in your design, or both!

Let your imagination run wild! Just make sure that your bag is a happy bag..
